FOURTEENTH ANNUAL REPORT
OF THE
TORONTO RELIEF SOCIETY

1888-89

IN this, the fourteenth year of the existence of this Society, the management, in submitting its Annual Report, feel sure that its many friends will be much gratified to learn that although at the beginning of the season it was hampered by debt, it has now a comfortable balance at its credit. For this pleasing state of its finances the Managers have again to return their grateful thanks to a generous public who have, more than ever, been found willing to give of their plenty, in order that the needy and suffering might be relieved, and lifted out of a slough of despond. Owing to the unprecedented mildness of the season just passed, the Society has found less suffering, fewer applicants upon its books, and consequently much lighter demands upon the time and exertions of its officers and ladies. The number of families seeking assistance has materially decreased, yet a pitiable amount of destitution has been found and relieved. Last year the large number of 807 families, averaging 4,035 persons, received help, whereas this year only 646 families, or an average of 3,230 persons, were assisted. A few cases of gross imposition have been discovered, and it is perhaps a matter of wonderment, and surely speaks volumes for the zeal of the ladies that so few designing impostors succeeded in gaining even a temporary advantage. Illness and want of employment, coupled with the ever present cause of improvidence, seem to make up the sum of this year's destitution. The Society considers another cause which swells the ranks of the indigent to be the influx to the larger centres of population from the rural municipalities, and though this is undoubtedly more felt by the House of Industry, which furnishes lodgings, than by this Society, still there is indisputable evidence that it adds very greatly to the number of cases applying for relief. In this connection it may not be out of place to state that only 9 counties have so far availed themselves of the law permitting the establishment of Houses of Industry, and of these the County of York has had the questionable honor of entertaining the highest number of inmates (307), which is another evidence that the County of York, and the City of Toronto, being the largest centres of population, attract the greatest number of poor.

This year, as well as last, the greatest amount of distress seems to have been found in the 2nd, 5th, 6th and 7th Divisions, and the statistics show that English and Irish nationalities predominate, all attributable, of course, to the unrest in the parent countries, and the exaggerated hopes of the poorly provided immigrants to pick up wealth in this new country.

The Society has found it a necessity to continue the weekly Executive meetings, wisely instituted last year, and from this source, rather than from the monthly meetings, has the burden of the work emanated, and pressing cases of need promptly attended to.

The Society acknowledges itself as largely indebted to the daily press of the city for material assistance rendered it in so kindly publishing its meetings and other matters in connection with its workings, and beg to tender its grateful thanks.

Already has the Society, in some of its Divisions, begun to organize for next season's labors, and, with a view to render the poor more independent, propose to establish a light labor test, and also a Savings Bank, and Lending Library, to the end that those who can may lay up a store for the purchase of their winter fuel, and, by reading the books, improve their minds, and more usefully occupy their leisure moments. This want of fuel, and the demand for rent, has been the cause of the greatest drain upon the funds of the Society, and it is sincerely hoped that the experiment of the Savings Bank will prove an incentive to the more provident to render themselves more independent of relief.

Appended are the reports from the several Divisions, which detail the proceedings therein, a glance at which will show the large amount of labor accomplished by the ladies who, it might be well to repeat, give their time and services gratuitously.

FLORENCE E. SYDERE,
Secretary.

First Division. Superintendent, Mrs. Schoff.—14 families have been assisted during the winter. In every case the causes of distress were sickness or want of work. Only one case of fraud found in this number of families. On account of the illness of some of the presiding ladies the work could not be so thoroughly attended to as in former years.

Second Division. Superintendent, Mrs. J. S. Steele.—132 families helped. Some extreme cases of destitution. 26 orders for fuel given, 2 rents paid in extreme cases. 10 families received help in former years. Many widows, and 3 or 4 men, who are lunatics, are among those helped this winter. 120 visits have been made. Grateful thanks are rendered to those who gave clothing and other necessities, but did not send their names, and also to the doctors who so kindly gave their services free.

Third Division. Superintendent, Mrs. Lillie.—27 families have received assistance. The principal causes of destitution were want of employment, illness and old age. 12 of the persons assisted were widows, with, in the majority of cases, large families to provide for. 13 orders for fuel were given. Many donations of clothing, boots, meat, etc., are thankfully acknowledged.

Fourth Division. Superintendent, Mrs. Brunt.—42 families have been helped, 16 orders for fuel given; 2 families have been assisted to return to England. The chief causes of distress were want of work and illness.

Fifth Division. Superintendent, Mrs. C. Morrison.—The winter's work began on the 30th of November, and the Depository was kept open until the 15th of April. The last weekly meeting was held on the 14th of April, since which time 5 new cases have been assisted, making in all 80 families, with an average of 400 persons. The nationalities: English 34, Irish 24, Scotch 1, Canadian 14. 220 orders for groceries given. The cause of distress appears to have been chiefly want of work. Very few, if any, cases were found en-

tirely undeserving. The Superintendent was enabled to greatly assist many families and persons, who otherwise would have been claimants on the Relief Society, from the annual donation of \$100 given by Mrs. Goldwin Smith.

Sixth Division. Superintendent, Mrs. Hough.—87 families helped. Causes of poverty, sickness, drunkenness and want of employment. The ladies of this Division are of the opinion that the labor test should be more stringently enforced. A large number of the cases helped were very deserving ones, and it is encouraging to know that in this Division a man, by name Wingfield, paid back, most honestly, a loan of \$6 for rent.

Seventh Division. Superintendent, Mrs. Byrne.—428 persons have been helped, or 105 families; 9 of these were found unworthy and refused assistance. Causes of distress, illness and want of work. Over 158 visits have been made. 21 families received help in former years.

Eighth Division. Superintendent, Mrs. Harrison.—60 families helped, representing 200 people. Of these 20 were widows and orphans, 24 had severe illness in family, 12 aged, and the rest out of employment, 9½ tons of coal given amongst 32 families, \$53.50 given for rent between 10 families. It is encouraging to report that James Dickson, in this Division, having received the sum of \$4.50 as a loan for rent, paid it all back conscientiously. A donation of 300 bags gratefully acknowledged.

Ninth Division. Superintendent, Mrs. Lennox.—This winter has been much less severe on the poor of this Division. 38 families assisted, 10 of which were helped last year. Sickness and want of work have been the chief causes of distress. Thanks are due to Messrs. Bates and Dodds, undertakers, who gave their services for a very small remuneration, and also to Drs. Orr, Tyrrell and Burt, who gave their visits free of charge. 121 orders for groceries, 47 for fuel. Donations of new clothing, and provisions from the "Band of Mercy," Givens Street School, are gratefully acknowledged.

Tenth Division. Superintendent, Mrs. Schofield.—29 families have been helped weekly, 33 orders for fuel given, blankets and boots. The chief cause of distress has been want of work. Thanks are due to Drs. Orr and Spence for giving their time free, and to those druggists who generously gave medicines.

Eleventh Division. Superintendent, Mrs. Richardson.—35 families, numbering 136 persons, helped; of these 8 were widows, 5 being over 70 years of age. Nationalities: English 24, Irish 6, Scotch 3, Canadian 2. Out of 73 children, only 10 attended school; this calls loudly for some system of compulsory attendance at the public schools. Want of work has been the chief cause of distress; only in 2 cases did it arise from dissipation; 15 women received work from the Industrial Department. As this Division is so far from the work-room, the sewing was given out from the Depository, as many would have to walk 2 miles, besides leaving their children alone for at least 2 hours. Many donations of clothing most thankfully acknowledged.

Twelfth Division. Superintendent, Mrs. Milner.—3 families helped, or 12 persons. Cause of poverty, illness and want of work. The number of visits paid, about 24.

CONSTITUTION

OF THE

RELIEF SOCIETY OF TORONTO

ARTICLE I.—This Society shall be called the “RELIEF SOCIETY OF TORONTO,” and it shall be in connection with the “Women’s Christian Association.”

ARTICLE II.—The object of this Society shall be to obtain and dispense assistance for the really needy; it shall investigate all cases of distress reported to it; it shall endeavor, by consultation and co-operation with other societies, to prevent imposture; it shall seek to discourage a pauper spirit by helping people to help themselves, and it shall aim at the moral and spiritual improvement of those assisted.

ARTICLE III.—For the furtherance of the above object, the City shall be apportioned into Divisions; each of which shall be under the care of a Superintendent, Assistant Superintendent (if desired), a Secretary, as many presiding ladies as may be necessary, and a Representative to the Industrial Room. These shall be called the Committee of the Division. Each Division shall be divided into Districts, each of which shall be under the care of a presiding lady. All members of this Committee shall have a vote at the meetings of the Board of Managers. Other visitors may be employed if necessary, but they shall not have a vote.

ARTICLE IV.—This Society shall endeavor to maintain an Industrial Room to provide work for women applying for assistance. This enterprise shall be governed by a Committee composed of a Convener appointed at the annual meeting, and a representative from each Division who shall be appointed by the Committee of the Division.

ARTICLE V.—All persons contributing to the funds of this Society shall be considered as members, and all ladies contributing, either themselves or through friends, shall be eligible for election on the Board of Management.

ARTICLE VI.—The business of the Society shall be conducted by a Board of Managers, composed of the President, Vice-President, Secretary, Treasurer, and an Assistant Treasurer, if necessary (who shall be members of the “Women’s Christian Association”), the Superintendents and Secretaries of Divisions, the Presiding Ladies of Districts, and the Convener, Secretary and Treasurer of the Industrial Room Committee. Of these Managers, the General Officers, the Superintendents of Divisions, and the Convener of the Industrial Room Committee shall be elected by ballot, at a public meeting to be called annually for the transaction of business in the beginning of May. The Secretaries of Divisions, the Presiding Ladies of

Districts, with the representatives of the Industrial Room Committee, shall be appointed subsequently by the Superintendent of Divisions, subject to the approval of the Executive Committee.

ARTICLE VII.—There shall be an Executive Committee composed of the General Officers, the Superintendents of Divisions, and the Convener of the Industrial Room Committee. This Committee shall have power to transact such business as may require attention in the intervals between the stated meetings of the Board of Management. Five members shall constitute a quorum.

ARTICLE VIII.—The annual meeting of this Society shall be held in connection with that of the "Women's Christian Association," when the Annual Report shall be presented.

ARTICLE IX.—A special meeting of the Society may be called, by advertisement in the daily papers, at such time and place as shall be agreed upon by the Executive Committee, notice of the object of such meeting to be given. A special meeting of Managers may be called by the President, at the request of three of the Superintendents of Divisions, each member of the Board of Management to be notified of the object of such meeting.

ARTICLE X.—This Constitution may be amended at any regular business meeting of the Board of Managers, by a two-thirds vote of those present; a month's notice of such changes having been given in writing; all such alterations must be ratified at the ensuing annual business meeting in May.

BY-LAWS

ARTICLE I.—The Board of Managers shall hold its stated meetings on the first Monday of the month, at 2.30 p.m., or at such time and place as it shall appoint. Seven members shall constitute a quorum. Weekly meetings shall be held in the Divisions, at such time and place as shall be agreed upon.

ARTICLE II.—The President shall have general supervision of the work, and be *ex-officio* a member of all Committees. She shall preside at all meetings of the Society and Board of Managers, and shall perform such other duties as are incident to the office.

ARTICLE III.—In the absence of the President and Vice-President, the Superintendent of a Division shall be appointed to preside, and shall perform all the duties of the office.

ARTICLE IV.—The Treasurer shall receive and keep in some chartered bank all the moneys collected, and shall disburse them as the Board of Managers shall direct. She shall report the state of the treasury at each regular meeting. Her annual report shall be examined by auditors appointed by the Board of Managers.

ARTICLE V.—The Secretary shall give notice of stated and special meetings, keep the minutes of the same, read them at the meetings of the

Board of Managers and of the Executive Committee, and prepare the annual report. She shall hand over all the papers to her successor.

ARTICLE VI.—It shall be the duty of each Superintendent :

1st. To divide her Division into Districts, and to obtain one Presiding Lady for each District.

2nd. To secure a room, if practicable, for a depository, to supply it with goods, and to see that a responsible person is appointed to attend there when necessary.

3rd. To see that Presiding Ladies are furnished with suitable collecting books, each of which must be headed with the boundaries of District and signed by the Superintendent and collectors. These must have the name of the Relief Society of Toronto printed on the cover.

4th. To draw from the Treasurer the money necessary for cash payments in her Division, giving a receipt for the same, and presenting before the next monthly meeting an account of that expenditure.

5th. To check all bills ordered by her, and to see that the same, as well as the account of the money drawn for cash payments, are presented to the Treasurer previous to the monthly meeting of the Board of Managers, and within one month of their being incurred.

6th. To arrange with the Treasurer on some day immediately preceding each monthly meeting the accounts of her Division, that the Treasurer's statement may be duly prepared.

7th. To receive reports of their Districts from her Presiding Ladies, and make a synopsis of these, with list of impostors, for the monthly meeting of the Board of Managers.

8th. To state the number of reports and cards she needs for her Division and see that all the subscribers in the same are supplied with a copy early in the winter. She shall consult with her Presiding Ladies as to the best mode of doing this, and see that it is carried out.

ARTICLE VII.—It shall be the duty of each Secretary of a Division :

1st. To attend at Depository weekly, see that the books of registration there are properly kept, and take notes of any orders sent in by Presiding Ladies since last meeting.

2nd. To render to Superintendent a monthly account of goods received and distributed, with remarks as to character of recipients, etc.

3rd. To send out notices of special meetings in the Division, keep the minutes of these as well as all regular meetings, and send out a monthly list of impostors to the Secretaries of other Divisions.

ARTICLE VIII.—It shall be the duty of each Presiding Lady :

1st. To arrange a sufficient number of Visitors and Collectors in her District, and *to see that the work is promptly and systematically done.* To receive all moneys collected in the District, and hand them to the Superintendent, along with lists of subscriptions and donations, prepared for the printer; all amounts under twenty-five cents being added together under the heading of "Small Sums," and contributions from friends being added together under "Friends."

2nd. To send all applicants for relief to the Visitor of Section in which applicant resides, and see that each case is thoroughly investigated.

3rd. To find work, when possible, for applicants for relief.

4th. To report all cases at the weekly meeting of the Presiding Ladies of the Division, but in cases of *emergency* to give relief without waiting for a meeting.

6th. In case of absence or sickness during a season, to provide a substitute.

ARTICLE IX.—It shall be the duty of each Visitor :

1st. To visit and collect in the Section assigned to her by the Presiding Lady, asking money, clothes, etc., etc. ; to arrange to have donations of clothing, etc., called for and taken to the Depository, in case the donors cannot send them, and to render to the Presiding Lady the money collected, with lists and subscriptions and donations.

2nd. To investigate every case of distress, and report immediately to Presiding Lady of District.

3rd. To keep a list of all persons found out of employment, and try and find employment for them while visiting or collecting in the District.

ARTICLE X.—All money collected in the several Divisions shall be paid to the Treasurer, by the Superintendent, and no individual shall be at liberty to expend sums that have not been passed through the Treasurer's hands. Appropriations shall be made by the Board of Management to each Division, in proportion to the number reported as requiring relief, and any expenditure in excess of this appropriation must be sanctioned by the Board of Management. The bills of each Division shall be kept separate.

ARTICLE XI.—Care shall be taken to find out whether applicants for relief are receiving aid from any other source, and no one receiving aid from this Society shall be permitted to beg from door to door. Where practicable, every recipient of relief shall be required to undertake some work for the Industrial Room.

ARTICLE XII.—As it shall be the object of this Society to dispense charity on the same basis throughout the city, *delicacies* shall not be given from the funds collected, except in cases of sickness, which must be specially reported ; also, the Society shall, as far as possible, avoid undertaking the maintenance of pensioners, seeking rather to obtain permanent assistance for those needing it among the charitable institutions of the city.

ARTICLE XIII.—These By-Laws may be altered or amended at any regular meeting of the Society, a notice in writing being given a month before and ratified at the ensuing annual business meeting, held in the month of May.

ARTICLE XIV.—A copy of the foregoing Constitution and By-Laws shall be printed with the Annual Report, and shall be in the hands of every worker of this Society.
